# Welcome to The Gloucestershire Business Show

Gloucestershire's Festival of Business and Innovation

Year five of The Gloucestershire Business Show finds us in the centre of Regency Cheltenham at Cheltenham Town Hall. The move to the centre of one of Gloucestershire's major centres has been an exciting move for us and we're looking forward to welcoming businesses of all scales and sectors to this year's event.

From the outset, the key objective of The Gloucestershire Business Show project has been to give business a voice and a place to express it, the Festival programme over the two days is a diverse mix of key business issues. The venues we've been able to present create spaces from closed theatre style for our headline speakers, through the vibrant LIVEtalk stage in the main exhibition hall to Forums for boardroom style discussion and workshops that will challenge your thinking.

We hope to stimulate new thinking and innovation; we hope you will collaborate and meet new contacts and we invite you to do new and better business. Do visit the Business Games – and take on some of the challenges that our partners there present.

Above all, enjoy the two days. We hope you have a productive time and we're looking forward to hearing about how we can grow Gloucestershire's business community together.

**Pete Allison & Antonia Coles**

The Gloucestershire Business Show 2019

# The Headline Speakers

Our Headline Speaker venue is where our key note speaker items are held. A theatre seated venue, we schedule some of the most important items to be affecting the Business Community at the current time.

## Tuesday 21 May 2019

**Tuesday 10:30am Main Speaker venue**

### **Mental health in the Spotlight – it's time to take action**

Helen Ginman

It is time to take action to bring Mental Health to the forefront of our organisations. With only 10% of UK businesses doing anything... I uncover why we aren't, why we should and how we can!

BUSINESS GAMES

Building Team Thinking

# The Gloucestershire Business Games

The Gloucestershire Business Games first became a part of The Business Show in 2017. It's well understood that with communications, engagement and involvement at a practical level leads to far deeper and stronger relationships along with better information retention.

We were also looking encouraging and supporting skills development around engineering and manufacturing.

So was born the first version of The Pedal Car Challenge, an engineering project for apprentice engineers and project teams that created collaboration between staff and also between businesses as different business teams came together to not only build and race the pedal car, but to make the most of an opportunity to promote the businesses involved.

In 2019, The Gloucestershire Business Games has broadened to take a section of the show area involving businesses who have an interactive approach to what they do with digital apps, physical challenges,

business championships and digital challenges, there is plenty to find out about – and have fun with!

We are also seeing the re-launch of the Pedal Car Challenge with more engineering and manufacturing businesses involved and working towards a 2020 Pedal Car Challenge!

For #GBS19 we have a great line up of challenges to engage with as an individual or as a business team. Some championship challenges where one business can compete against another and some great skills development games.

The background is a vibrant teal color with a complex, organic pattern of swirling, bubble-like, and cloud-like shapes. In the upper left corner, there is a white geometric logo consisting of two overlapping rectangular shapes. The text 'THE CHELTENHAM TRUST' is written in white, uppercase, sans-serif font, positioned to the left of the logo.

THE  
CHELTENHAM  
TRUST

The Cheltenham Trust incorporating  
five iconic and unusual business venues:

Cheltenham Town Hall  
Pittville Pump Rooms  
The Wilson  
Prince of Wales Stadium
