## **Creative Nuggets**

In a world that relies on innovation, marketing and creative thinking to move any business forward, how do you bring that creativity in to your business and leverage it for measurable business growth. This session is very fast paced and looks to give meaningful, useable tips and information on a wide variety of subjects so there really is something for everybody. The session is light, engaging and fun with speakers being 'kicked off' stage for exceeding their allotted 3 minutes.
