**Wednesday 2nd October 11:30am**

## **Students Meet Business**

For students exploring a career in the business world, whether as an entrepreneur, working in one of the established sectors or breaking new ground with innovative ideas, the starting point is to find out what will suit them and how others have found their way. At each of our workshop tables, students can quiz people from different sectors, types and scales of business. The students then move to another table and find out more.

### **Verity Knight**

A Recruitment Consultant previously specialising in care and temporary staff recruitment, Verity is degree-educated and has worked in Finance, Insurance and Occupational Health. At Hooray, Verity is a specialist in the Health and Education sectors, enjoying nothing more than helping clients and candidates to find that

special professional match and meeting new businesses and organisations to see how we can support them. As part of her role at Hooray, she reviews CVs, screens candidates, advocates to clients, receives feedback and her personal favourite part of the role, prepares candidates for interviews. Verity is a great person to approach for careers and CV advice and is always happy to help someone through the search for their next role.
