# Pitching Business – The Dragon's Den

We're all familiar with The Dragon's Den on TV... #GBS20 sees our own version of Dragon's Den with an opportunity for six business ideas from students and young people to be pitched to our real-life Business Dragons. The business ideas that are pitched will be judged and a winner announced. This event is about the experience for young entrepreneurs in pitching to business leaders who have been there and lived the journey. We don't have an investment pot on offer, but if your business idea is good enough...

## Claire Thayers (Chair)

Claire worked in the world of packaging design for 15 years, with Visit Cornwall and most recently with Happerly, in food provenance. She has a real passion for the food and drink sector and agri. And now runs her own business Claire Thayers Associates.

## The Dragons:

**Des Coates** of Oliver Coates is a business owner and venture capitalist with interests across hotels, hospitality, fashion and technology.

**Tom Beasley** is a Non-executive director and Mentor, CEO of Active Gloucestershire and has a career history working with the education sector, high growth businesses and technology.

**Oliver Bruce** was a young Entrepreneur when he started PinPointMedia in 2013. Now a successful and still growing business, Oliver is at the forefront of business communications and video media.
