Zoe Darlington – Pure Improvement

Thursday 10 June, 12:30pm

## #BI21.4 Engineering & Manufacturing Forum

Innovation, engineering and manufacturing are stable background to business across all cultures and nations. Internationally outsourced procurement and supply chains create employment and skills on a sustainable basis. Our #BI21.4 Engineering and Manufacturing Forum looks at the parallels in the sectors in different places in the world. Sustainability and environmental challenges are becoming significant discussions with an increased awareness in supply chains that it's a growing procurement criteria, they also create huge opportunities for innovation and international business development. We're looking forward to an engaging discussion!

### Zoe Darlington

Zoe helps engineering and manufacturing leaders shift from high waste and inefficiency to green & lean in 6 months, embedding sustainability that saves time and money. She believes that businesses that do good – do good business. Zoe has over 20 years Continuous Improvement, Quality Improvement and Change

Management experience, within the electronics, engineering, aerospace, defence & FMCG sectors. She has a proven track record for delivering cost saving Continuous Improvement and waste reduction.
